Direct contact with the trainers guarantees an optimal transfer of know-how.

The hands-on training courses enable participants to perform their tasks more routinely and increase the efficiency of the plant.

We carry out the training courses directly at your plant and provide practice-orientated knowledge.

Combination of online modules and face-to-face training. You benefit from the advantages of both formats.

Your access to the digital HESS training programme can be easily reached in the HESS SmartCloud.
